Located in Bradford, the picture perfect community of Grand Central provides the best of both worlds in terms of a countryside feel, combined with easy access to urban amenities.

Surrounded by acres of greenbelt and parklands, just north of Newmarket, this grand community features some of the finest new homes in Bradford. Residents love this location, and with easy access to the GO train and Highways 400 and 404, you can be in the city of Toronto in 45 minutes, or head out on the weekend to northern recreational destinations.

With families in mind, Grand Central is a master-planned community that incorporates parks, soccer pitches, basketball courts and a jungle gym. Walking and jogging trails extend your environment into the surrounding countryside.

An extensive selection of homes is available at Grand Central starting in the low $300’s, which includes semis, as well as detached homes on 27-, 30-, 36- and 43-foot lots. Two new designs were recently introduced on 40-foot lots.

Exterior elevations are influenced by Colonial, Greek revival and Craftsman architectural styling, and make for varied and appealing streetscapes.

Open-concept designs maximize interior living spaces, and include gourmet wrap-around kitchens, spiral staircases, sumptuous ensuites and a second-floor laundry — all as per plan.

For a limited time, Brookfield is offering the His and Hers Upgrade Event. At Grand Central, each partner gets to choose his or her favourite upgrade from a list of five options, which includes central air conditioning, a stainless steel appliance package, a gas fireplace, a glass shower enclosure in the master ensuite, or your choice of $5,000 in free upgrades.

Brookfield Homes has built more than 25,000 homes in Ontario since 1956. Their ongoing commitment to quality and customer service has earned them several highly coveted industry recognitions, including the Tarion and OHBA award for Builder of the Year, as well as the J.D.
